The Waltham Directory

MASSACHUSETTS

1934-1935

Containing

Alphabetical Section (page 165). Gives names, occupations and addresses of all men and women eighteen years old or over and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department (the wife's name being in parentheses) also incorporated companies and their officers with much other information that cannot be found elsewhere.

Business Directory (page 553.) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Street, House and Home Owners Directory (Pink Section) (page 449). A complete list of Streets, showing location of intersecting streets, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there.
All Householders and Places of Business are arranged in numerical order upon their respective Streets. The Streets are arranged in alphabetical order.

A NEW FEATURE:
HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL ◎

(Note: this information is as given to our canvassers, and is not guaranteed by us. It should be of value as an indication, but not taken as legal proof of title.)

Advertising Department (page 65). Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (opposite). The clearest map ever made of the city, on a scale large enough to see and small enough to be handled easily.

Miscellaneous Information (page 6). Organization of City Departments, giving officers—Post Office branches—Parcel Post zones and rates—Institutions, etc., with officers—Courts—Population tables,—Calendar, etc.

(For detailed Index to Contents, see page 7)

Real Estate Transfers: 1,423. Number of homes, 8,831.

Industry: Number of establishments 132.

Trade: Territory (Retail) serves 251,000 people within the trading area covering a radius of fifteen miles.

City Served by: Two railroad lines. Seven bus lines.

Amusements: Largest theatre or auditorium seats 2,500 people. There are four theatres, with a total seating capacity of 5,197 people.

Hospitals: Three with 225 beds; also Metropolitan State Hospital with 1,248 beds; and Middlesex County Sanitarium with 250 beds.

Education: Number of schools, twenty-one including three high schools and three parochial schools. Number of pupils in public schools 6,439, in private schools 2,439. Total number of teachers in public schools 235.

Libraries: There are 95,738 volumes in the libraries of the city.

City Statistics: Total street mileage 73.126 with 48.655 miles paved. Miles of sewers, 62.647. Capacity of water works (municipal) 14,660,000 gallons, daily average pump of 2,224,879 gallons, with 90.648 miles of mains and value of plant estimated at $1,963,524.66. Fire department employs seventy-seven men with following motor equipment: ten autos, two engines, three hose and chemical wagons, two hook and ladder trucks, one chemical, in five station houses. Value of fire department with property is $150,000. Police department has fifty-six men with one station and six pieces of motor equipment.

Historical Outline

Situated on the beautiful Charles River, nine miles to the west of Boston, the rich and fertile plain on which stands the present city of Waltham was called Eden Vale by the earliest settlers.

In 1738 this area, which then comprised the Western Precinct of the town of Watertown, was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788 that it became anything more than an agricultural community.

In 1826 Waltham achieved the distinction of a daily stage to Boston, and, with the improved transportation thus afforded, became a popular residential town. One of the early Governors of Massachusetts, Christopher Gore (1809), built a magnificent house with bricks brought from England, and surrounded it with imported shrubs and trees. This house and the extensive grounds are now the property of the Waltham Country Club.

In 1844 the Fitchburg railroad was opened to travel. Forty years later, Waltham had outgrown town government, and was incorporated a city on June 2, 1884. The last three decades have seen a rapid increase in the number of homes within its borders, not at all surprising in view of the advantages which Waltham offers both to those who commute to Boston and to those who work near their homes. There are excellent automobile roads, eight convenient stations on the steam railroads, and bus lines which connect with the Boston Elevated system at half a dozen points.

Waltham's population in 1765 was 663; in 1865, 6,896; and in 1930, 40,000; with a potential population of 250,000, residing in the surrounding cities and towns. It is essentially an industrial city. With an area of 13½ square miles, the city has ample room for expansion without overcrowding.

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Divisions of the Boston & Maine Railroad. Together with the Watertown Branch these roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville.

Paper manufacturing was the chief business of the town in the early days. Here, in 1788, John Boies, taking advantage of the waterpower privileges on the Charles, built a paper mill. This was soon followed by similar mills at the western and eastern boundaries of the town. In 1812 came the Boston Manufacturing Company, famed the world over as the first complete cotton mill to include both spinning and weaving by power under one roof.

Waltham is often familiarly called the "Watch City" because for years the making of fine watches was its principal industry. The Waltham Watch Company, one of the largest manufacturers of watches in the world, was the first to make fine watches by machinery. In Waltham, too, kerosene was first refined and made available for household and commercial use.

There are 114 factories engaged in the manufacture of watches, clocks, knit goods, precision machinery, furniture, canoes, enamel ware, jewel bearings, plumbing supplies, yard goods, paper, iron and brass castings, traffic signs, die stuffs, window frames, ice cream equipment, optical goods, paper tubes, automatic irrigation systems, dairy and poultry food, pest exterminators, mica products, electrical switches, batteries, sales books, loose leaf account systems, paper box machinery, grinding wheels, rivets, builders' finish, lacquer-chemicals, gauges, patent leather, oil burners, rayon metering pumps, and women's shoes, also hundreds of other products.

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products, it has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau, and the Federation of Farm Bureaus. The experimental station of the Massachusetts Agricultural College was transfered to this city some years ago.

Waltham stores are well stocked and well managed, and carry a complete range of merchandise at prices as favorable as any in the large centers.

The Waltham National Bank, a fine and progressive commercial bank, founded in 1836, has resources of over $6,000,000 and deposits of over $5,500,000. Waltham has a Savings Bank eighty years old with deposits of nearly $10,000,000 and over 17,000 depositors. There are two co-operative banks: the Waltham Co-operative Bank, which was organized fifty years ago, and the Watch City Co-operative Bank, incorporated in 1914.

There are twenty-two church congregations, also numerous philanthropic societies. Every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization. Three theatres, attractive in their appointments, present entertainment of a high grade. There are three hospitals, and in addition to these, there is the excellent Waltham Training School for Nurses.

The superior water supply of the city is derived from driven wells fed by underground courses, but in case of need the city can tap the Metropolitan system at a comparatively small expense. Practically all of the residential and business districts are connected with the sewer, of which there are now 62.647 miles. Disposition of the sewage is made through the South Metropolitan system. The tax rate in Waltham is among the lowest in the cities of Massachusetts. This has not been brought about by excessive valuations. The valuation of the city for 1933 was $58,445,950.

Over six thousand pupils are enrolled in the seventeen public schools. The Junior High School buildings are of the modern type, each with a spacious auditorium extensively used for community purposes. Besides its public schools, Waltham has three parochial schools, two of them extending through high school grades. There are also two private schools—the Waltham School for Girls, and the Mount Prospect School for Boys and one business school.

With parks, playgrounds and other facilities for outdoor recreation, Waltham is bountifully supplied. In the center of the city there is an unusually fine Common. Prospect Hill Park is a natural beauty spot such as can seldom be found within walking distance of a busy city. The Cornelia Warren Park, lying between Waltham and Waverley contains 67.78 acres, largely woodland. The State Girl Scout headquarters, are housed in the spacious mansion on Cedar Hill, left for the purpose by Miss Cornelia Warren. There is also the High School Athletic Field, and ten active playgrounds competently supervised and with an efficient corps of instructors. The Charles River, with its facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England.

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains.

Waltham has an excellent supply of both skilled and unskilled labor. Much of this population is native New England stock with a permanent residence in the city. Fire hazard and insurance rates are low, land values and rents are reasonable.

Along both lines of railroad there are many acres of land available for manufacturing plants, some so located that only a few hundred feet of spur tracks are needed. The City itself owns a large tract of land at Roberts Station, which has been specially set aside for manufacturing purposes. This land is offered at much less than the assessed valuation to industries planning to build with a year of purchase.

Good government, good roads, good schools, congenial social conditions, a high standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above the average, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable— and Waltham has them all.

The Waltham Chamber of Commerce welcomes inquiries from manufacturers and will be glad to make a complete and intelligent survey of the situation for any prospective newcomer with particular reference to his special needs.

POPULATION OF MASSACHUSETTS

STATE CENSUS OF 1925. UNITED STATES CENSUS OF 1930.

Total, in 1925, **4,144,205**, Total, in 1930, **4,249,614**.

LIBRARY DEPARTMENT

Waltham Public Library

735 Main st

Board of Trustees—Michael J Connolly, Chairman; Miss Corinne E Boucher, Secretary; Rev James T Baxter, Rev Francis E Webster, William H Slayton, Dr Nicholas W Cousens

Librarian—Leslie T Little

Assistants—Raymah H Smith, Nora C Rooney, Ethel M Nute, Helen M Nims, Gladys L Davis, Mabel I Buell, F Dorothea Williams, May E Jones, Helen L Hosmer, Elizabeth A Cunningham

The Waltham Public Library is the union of three libraries. (1) The Waltham Social Library, founded in 1798, and the earliest Waltham library, was given to the Unitarian Society, and later, in 1865, was presented to the town. (2) The early Boston Manufacturing Company's Manufacturers' Library was given the the Rumford Institute Library, which, in turn, offered all of its books to the town in 1865. (3) The Agricultural Library of the Waltham Farmers' Club was presented to the town in 1874. The Public Library was first housed (1865) in the Bank Building on Main street. In 1879 it was moved to the corner of Charles and Moody streets (Welch Block). In December, 1915, the Library was moved to the present building, which is the gift of a Waltham citizen, Francis Buttrick. The cost of the building was $124,000

There are two Branch Libraries, the South Branch, established in 1919, now located in the South Junior High School Building, and the Lakeview Branch, established in 1925, in the Nahum Hardy School, Lake street

There are about 95,738 volumes in the Library. About 361 newspapers and periodicals are received. There is also an excellent collection of pictures on every subject, arranged in Classified form, which may be taken from the building. The Library undertakes to help all by supplying information and in looking up difficult reference questions when requested

The circulation in 1932 was 535,991, an average of 13.6 books per capita. The City appropriates about $29,500 a year for the support of the Library and its Branches. There are in addition seven endowment funds for the purchase of books: The Lowell Clark Fund of $5,000; The Enos T Luce Fund of $1,000; The Jacob Whitney Fund of $1,000; The Porter L Newton Education Fund of $5,000; The Phineas Lawrence Fund of $2500; The Lorenza Haynes Bequest of $1,000 and The Pryor Fulton Fund of $5000, which yield about $700 a year

Library Hours

Main Library—Every day except Sundays and holidays, 9 A.M. to 9 P.M.

Children's Library: 1 to 6 P.M.; Summer hours, 9 A.M. to 6 P.M.; Saturdays, 9 A.M. to 6 P.M.

NOTE 1.—**On parcels collected on rural-delivery routes** the postage will be 2 cents less than shown in the foregoing table when for delivery anywhere within the first three zones and 1 cent less when for delivery in any other zone, provided they are indorsed "Mailed on rural route."

NOTE 2.—**The local rate** applies to parcels mailed: (1) At any post office for local delivery at such office. (2) At any city letter-carrier office, for delivery by carriers from that office. (3) At any post office from which a rural route starts, for delivery on such route, or when mailed on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

Weight limit, 70 pounds. Limit of size, 100 inches, length and girth combined.

WARDS

Ward One—Beginning on Main st at its intersection with Spring st; thence westerly by Main st to Weston st; thence by Weston st to the Weston town line; thence by the Weston and Lincoln town lines to Winter st; thence by Winter st to Lincoln st; thence by Lincoln st to Lexington st; thence by Lexington st to Pond st; thence by Pond st to Exchange st; thence by Exchange st to School st; thence by School st to Spring st; thence by Spring st to the point of beginning.

Ward Two—Beginning on Main st at its intersection with Spring st; thence easterly by Main st to the Watertown line; thence northerly and westerly by the Watertown, Belmont, Lexington and Lincoln town lines to Winter st; thence by Winter st to Lincoln st; thence by Lincoln st to Lexington st; thence by Lexington st to Pond st; thence by Pond st to Exchange st; thence by Exchange st to School st; thence by School st to Spring st; thence by Spring st to the point of beginning.

Ward Three—Beginning on Main st at its intersection with Grant st; thence easterly by Main st to the Watertown line; thence southerly by the Watertown line to the Charles river; thence westerly by the Charles river to a point opposite Harvard st; thence to Harvard st and by Harvard st to Charles st; thence by Charles st to Grant st; thence by Grant st to the point of beginning.

Ward Four—Beginning on Main st at its intersection with Grant st; thence westerly by Main st to Weston st; thence by Weston st to the Weston town line; thence southerly by the Weston town line to the Charles river; thence easterly by the Charles river to a point opposite Harvard st; thence to Harvard st and by Harvard st to Charles st; thence by Charles st to Grant st; thence by Grant st to the point of beginning.

Ward Five—Beginning on the Charles river at a point opposite a private way through land owned by the Waltham Gas Light Company and known as Cooper lane; thence southerly to and by said private way or Cooper lane to Pine st; thence easterly by Pine st to Lowell st; thence by Lowell st to Myrtle st; thence westerly by Myrtle st to Moody st; thence southerly by Moody st to Ash st; thence westerly by Ash st to Crescent st; thence northerly by Crescent st to Prospect st; thence by Prospect st to the Charles River; thence easterly by the Charles river to the point of beginning.

Ward Six—Beginning on High st at the Newton line; thence westerly by High st to Lowell st; thence southerly by Lowell st to Myrtle st; thence westerly by Myrtle st to Moody st; thence southerly by Moody st to Ash st; thence westerly by Ash st to Crescent st; thence northerly by Crescent st to Prospect st; thence by Prospect st to the Charles river; thence by the Charles river to the Newton line; thence by the Newton line to the point of beginning.

Ward Seven—Beginning on High st at the Newton line; thence westerly by High st to Lowell st; thence northerly by Lowell st to Pine st; thence westerly by Pine st to a private way through land owned by the Waltham Gas Light Company and known as Cooper lane; thence northerly by said private way or Cooper lane to the Charles river; thence easterly by the Charles river to the Newton line; thence by the Newton line to the point of beginning.

Wherever a street, way or the Charles river is mentioned in the foregoing as a dividing line, the center of such st, way or river shall be the line of division.

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days, however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You *can* do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

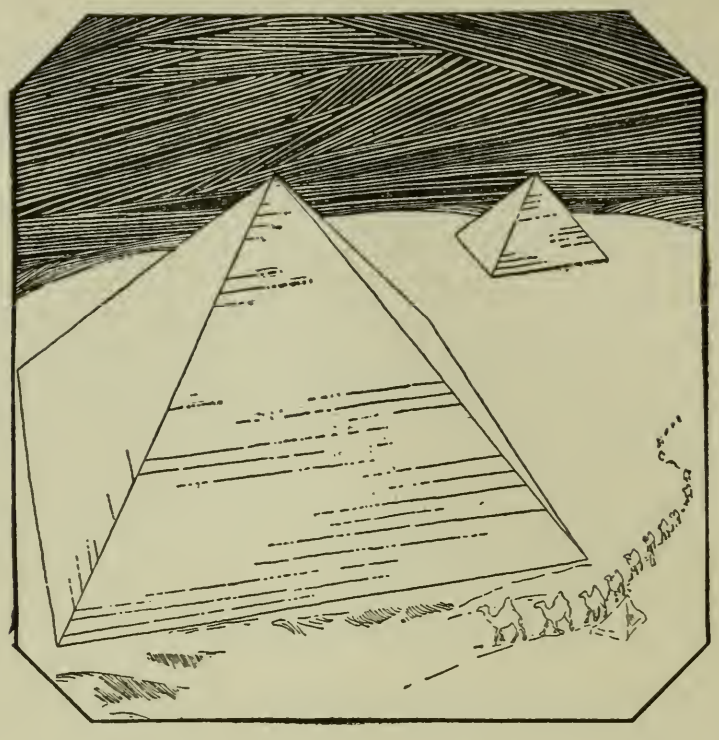
If the results are not entirely satisfactory, it is up to you.

Some firms prate wisely of business efficiency and then lose time and money sending to wrong addresses culled from an out-of-date directory. Rather than spend the few dollars necessary to insure themselves being properly listed under all the headings applicable to their business, they run the risk of letting their competitor get their trade. They save the first cost and waste postage stamps by the gross.

Would you improve on old methods? Then phone or write at once for particulars to

Sampson & Murdock Co.

179 LINCOLN ST., BOSTON, MASS.



A Lasting Advertisement

Insuring Maximum Coverage at Minimum Cost Is Now Available

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

SAMPSON & MURDOCK CO.

179 LINCOLN STREET - - BOSTON, MASS.

Waltham Directory

Reference Department

Where more information than is possible to give under the classified listings is placed on file for buyers reference. The value of this department is inestimable. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1{,}067{,}500$$

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you!

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Rates Upon Application

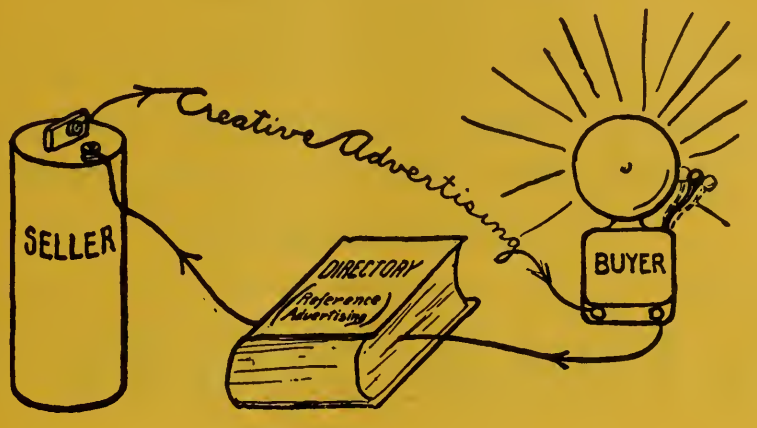
There is Something

You need in your Business

This book has helped many to find what they want.

Perhaps it can help you. *Better look it over carefully.*

The Return Circuit in Advertising



The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find ***You?***

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, *the loss is yours.*

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than you realize.

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Waltham Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product is wise.

Investigate the City Directory, the book of many uses

WALTHAM GENERAL DIRECTORY

1934-1935

Copyright, 1934, Sampson & Murdock Co., Boston, Mass.

Wife's Name—Appears in parentheses following husband's name when obtainable.

Removals—Against names showing removals from the city, the post office is given; if into another state, both the post office and state are given.

Deaths—The date of death of citizens whose names appeared in the Directory, dying since the last issue, is recorded against the name in the present book.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU.

SAMPSON & MURDOCK COMPANY

Directory Publishers for over 85 years

179 LINCOLN STREET .. BOSTON, MASS.

WALTHAM
STREET AND HOUSE DIRECTORY

Copyright, 1934, Sampson & Murdock Co., Boston, Mass.

Giving the location of Streets, Avenues, Places, Parks, &c, showing what other streets and places run from or across them.

The **Streets** are arranged in **Alphabetical order** with the location of **Intersecting Streets** clearly shown.

Names of residents and business houses are arranged in numerical order upon their respective streets; on streets that are not numbered ciphers are used in place of a street number.

Boarders are denoted by the abbreviation r; business places are denoted by business being given.

When a person's place of business and residence are the same place, it is indicated by business being given and abbreviation h or r at the end of the line.

After the name of a street the word **Street** is omitted; the words Newton, Lincoln and Lexington, when referring to city or towns of those names, are followed by the word **Line**; when not followed by the word **Line** they are names of streets.

*An asterisk preceding a house number signifies that the house in incorrectly numbered.

*Streets which have not been accepted by the city are indicated by an asterisk.

**Streets, a part of which have been accepted and a part remains unaccepted, are indicated by two asterisks.

A HOME OWNERS AND TENANTS DIRECTORY—a new feature showing which houses are owned by the occupants. The symbol, ◎ following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Abbreviations are listed at beginning of Alphabetical Section.

Directory Advertising Is National Advertising

Your Business on Record All Over America

Hundreds of Directory Libraries Can Give Your Advertisement National Circulation

Thousands of your potential customers are visiting the City Directory Libraries of the United States and Canada every month seeking sources of supply and other information. These library locations are advertised and publicized consistently and continually. These libraries are maintained by the Association of North American Directory Publishers through the courtesy of the members who keep them supplied with City Directories as part of their service to the public. Is your product or service properly registered in these libraries so that those looking may readily obtain the information desired? This library system is a sound economic feature that brings your product or service within the reach of millions at a cost to you that is surprisingly low in comparison with proven results. A folder, descriptive of this huge system of City Directory Libraries, together with a privilege card entitling you to the benefits of free usage, is yours for the asking, on your business letterhead. Apply either to your local Directory Publisher or to

SAMPSON & MURDOCK CO.

179 LINCOLN STREET - - BOSTON, MASS.

WALTHAM BUSINESS DIRECTORY

Copyright, 1934, Sampson & Murdock Co., Boston, Mass.

The Classification of Headings is made in accordance with a Standard List adopted by the Association of North American Directory Publishers, to secure uniformity in all Directories, and to promote convenience of reference.

The * denotes headings inserted by special contract or reference to general headings.
